Literary Seductions Frances Wilson, 2024-11-21 'The reader's love of the writing tends to become indistinguishable from his love of the writer.' Beautiful writing has exercised its intoxicating power over readers since time immemorial. And yet, on occasion, this seduction extends beyond the page and sparks an irreversible connection between author and reader. This is a true literary seduction. In *Literary Seductions*, Frances Wilson demonstrates how some of history's most renowned writers were themselves ensnared by the writing they consumed, and which in turn consumed them. Through a series of famous literary couples - Elizabeth Barrett and Robert Browning; Anaïs Nin and Henry Miller; Osip Mandelstam and his wife Nadezhda - Wilson evokes the evolution from literary seduction to sexual desire. With stories of self-sacrifice, self-effacement and even self-immolation, *Literary Seductions* recounts the powerful, inflammatory and sometimes destructive nature of literature.

The Courtesan's Revenge Frances Wilson, 2014-04-17 Harriette Wilson was the most desired and the most dangerous woman in Regency London. This highly acclaimed biography reveals for the first time the true story behind her sensational life and scandalous 'Memoirs'. When her former lovers - including much of the British aristocracy - turned against her, she knew exactly how to take revenge . . . 'A wonderful book. Much more than a biography of one attractive, witty woman, it offers a deft analysis of how Britain dealt with celebrity, sex, power and popular journalism in an age that bears remarkable similarities to our own . . . Frances Wilson is not only a first-rate scholar but also a wonderful storyteller who manages to get inside her namesake's famously creamy skin and tell her story with wit and understanding.' Kathryn Hughes, *Mail on Sunday* 'Lively and stylish . . . Reveals how dangerous the courtesan who operated at the heart of the political world was thought to be.' Anne Sebba, *Spectator* 'Harriette's story is deftly and stylishly told. It beats most novels with its rich ingredients.' Frances Spalding, *Daily Mail*

The Publishers Weekly,

Satan Wants Me Robert Irwin, 2019-11-08 *Satan Wants Me* is a novel for anyone who wants to know what it was like to be young in the 1960s ... amphetamines, weird sex and Devil-worship. '... the Lodge requires him to find a new partner, and

they make him fill in the dating agency form that leads to Maud, one of the more memorable characters in recent fiction. Peter's initial contempt for Maud as a straight and boring hairdresser soon gives way to a kinky menage a trois, in which Sally eagerly dons a dog collar and frilly apron and has herself tattooed with the words 'I am Sally, the slave of Maud and Peter'. So extraordinary is Maud, in fact, that she has more than a little to do with the title of the book..... No doubt this contributes to the feel of *Satan Wants Me* as something to relish and curl up with, capable of inducing sensations rarely felt by people who have to read novels as work. With darkness outside and a drink to hand, I lay back on the sofa in the happy knowledge that I still had half of the book to go. Ah yes, I thought. This is the life.' Phil Baker in *The Times Literary Supplement* 'Irwin is a writer of immense subtlety and craftsmanship, and offers us a vivid and utterly convincing portrait of life on the loopier fringes of the Sixties. *Satan Wants Me* is black, compulsive and very, very funny.' Christopher Hart in *The Daily Telegraph* 'Irwin's writing is witty and scabrous but it is also subtle in a way that keeps catching the reader out. The blend of the fantastical with the philosophical has been the defining characteristic of Irwin's fiction and in Peter's drug-drenched, satan-haunted diary, it has found its perfect expression.' Tom Holland in *The New Statesman & Society* 'Part of the book's fertile comedy stems from the ironic interweaving of the jargons of sociology, hippiedom and magick. It is hard to resist a pot-head mystic who hopes the Apocalypse will come on Wednesday because it will break up the week.' Tom Deveson in *The Sunday Times*

Critical Theory Today Lois Tyson, 2012-09-10 *Critical Theory Today* is the essential introduction to contemporary critical theory. It provides clear, simple explanations and concrete examples of complex concepts, making a wide variety of commonly used critical theories accessible to novices without sacrificing any theoretical rigor or thoroughness. This new edition provides in-depth coverage of the most common approaches to literary analysis today: feminism, psychoanalysis, Marxism, reader-response theory, new criticism, structuralism and semiotics, deconstruction, new historicism, cultural criticism, lesbian/gay/queer theory, African American criticism, and postcolonial criticism. The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F. Scott Fitzgerald's *The Great Gatsby* through the lens of each theory; a list of questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further reading.

From Puritanism to Postmodernism Richard Ruland, Malcolm Bradbury, 2016-04-14 Widely acknowledged as a contemporary classic that has introduced thousands of readers to American literature, *From Puritanism to Postmodernism: A History of American Literature* brilliantly charts the fascinating story of American literature from the Puritan legacy to the advent of postmodernism. From realism and romanticism to modernism and postmodernism it examines and reflects on the

work of a rich panoply of writers, including Poe, Melville, Fitzgerald, Pound, Wallace Stevens, Gwendolyn Brooks and Thomas Pynchon. Characterised throughout by a vibrant and engaging style it is a superb introduction to American literature, placing it thoughtfully in its rich social, ideological and historical context. A tour de force of both literary and historical writing, this Routledge Classics edition includes a new preface by co-author Richard Ruland, a new foreword by Linda Wagner-Martin and a fascinating interview with Richard Ruland, in which he reflects on the nature of American fiction and his collaboration with Malcolm Bradbury. Liquid Modernity Zygmunt Bauman,2013-07-10 In this new book, Bauman examines how we have moved away from a 'heavy' and 'solid', hardware-focused modernity to a 'light' and 'liquid', software-based modernity. This passage, he argues, has brought profound change to all aspects of the human condition. The new remoteness and un-reachability of global systemic structure coupled with the unstructured and under-defined, fluid state of the immediate setting of life-politics and human togetherness, call for the rethinking of the concepts and cognitive frames used to narrate human individual experience and their joint history. This book is dedicated to this task. Bauman selects five of the basic concepts which have served to make sense of shared human life - emancipation, individuality, time/space, work and community - and traces their successive incarnations and changes of meaning. Liquid Modernity concludes the analysis undertaken in Bauman's two previous books Globalization: The Human Consequences and In Search of Politics. Together these volumes form a brilliant analysis of the changing conditions of social and political life by one of the most original thinkers writing today.

Science And Human Behavior B.F Skinner,2012-12-18 The psychology classic—a detailed study of scientific theories of human nature and the possible ways in which human behavior can be predicted and controlled—from one of the most influential behaviorists of the twentieth century and the author of Walden Two. “This is an important book, exceptionally well written, and logically consistent with the basic premise of the unitary nature of science. Many students of society and culture would take violent issue with most of the things that Skinner has to say, but even those who disagree most will find this a stimulating book.” —Samuel M. Strong, *The American Journal of Sociology* “This is a remarkable book—remarkable in that it presents a strong, consistent, and all but exhaustive case for a natural science of human behavior...It ought to be...valuable for those whose preferences lie with, as well as those whose preferences stand against, a behavioristic approach to human activity.” —Harry Prosch, *Ethics*

The Ego and the ID Sigmund Freud,2024-11-08 In his later work, Freud proposed that the human psyche could be divided into three parts: Id, ego and super-ego. Freud discussed this model in the 1920 essay *Beyond the Pleasure Principle*, and fully elaborated upon it in *The Ego and the Id* (1923), in which he developed it as an alternative to his previous topographic schema (i.e., conscious, unconscious and preconscious). The id is the completely unconscious, impulsive, childlike portion of the psyche that operates on the pleasure principle and is the source of basic impulses and drives; it seeks

immediate pleasure and gratification. Freud acknowledged that his use of the term Id (das Es, the It) derives from the writings of Georg Groddeck. The super-ego is the moral component of the psyche, which takes into account no special circumstances in which the morally right thing may not be right for a given situation. The rational ego attempts to exact a balance between the impractical hedonism of the id and the equally impractical moralism of the super-ego; it is the part of the psyche that is usually reflected most directly in a person's actions. When overburdened or threatened by its tasks, it may employ defense mechanisms including denial repression, undoing, rationalization, repression, and displacement. This concept is usually represented by the Iceberg Model. This model represents the roles the Id, Ego, and Super Ego play in relation to conscious and unconscious thought. Freud compared the relationship between the ego and the id to that between a charioteer and his horses: the horses provide the energy and drive, while the charioteer provides direction.

The Culture of Love in China and Europe Paolo Santangelo, Gábor Boros, 2020-01-13 In *The Culture of Love in China and Europe* Paolo Santangelo and Gábor Boros offer a survey of the cults of love developed in the history of ideas and literary production in China and Europe between the 12th and early 19th century. They describe parallel evolutions within the two cultures, and how innovatively these independent civilisations developed their own categories and myths to explain, exalt but also control the emotions of love and their behavioural expressions. The analyses contain rich materials for comparison, point out the universal and specific elements in each culture, and hint at differences and resemblances, without ignoring the peculiar beauty and attractive force of the texts cultivating love.

Compulsive Beauty Hal Foster, 1995 Surrealism has long been seen as its founder, André Breton, wanted it to be seen: as a movement of love and liberation. In *Compulsive Beauty*, Foster reads surrealism from its other, darker side: as an art given over to the uncanny, to the compulsion to repeat and the drive toward death. To this end Foster first restages the difficult encounter of surrealism with Freudian psychoanalysis, then redefines the crucial categories of surrealism - the marvelous, compulsive beauty, objective chance - in terms of the Freudian uncanny, or the return of familiar things made strange by repression. Next, with the art of Giorgio de Chirico, Max Ernst, and Alberto Giacometti in mind, Foster develops a theory of the surrealist image as a working over of a primal fantasy. This leads him finally to propose as a summa of surrealism a body of work often shunted to its margins: the dolls of Hans Bellmer, so many traumatic tableaux that point to difficult connections not only between sadism and masochism but also between surrealism and fascism. At this point *Compulsive Beauty* turns to the social dimension of the surrealist uncanny. First Foster reads the surrealist repertoire of automatons and mannequins as a reflection on the uncanny processes of mechanization and commodification. Then he considers the surrealist use of outmoded images as an attempt to work through the historical repression effected by these same processes. In a brief conclusion he discusses the fate of surrealism today in a world become surrealistic. *Compulsive Beauty* not only offers a deconstructive reading of surrealism, long neglected by Anglo-American art history, it also participates in a postmodern

reconsideration of modernism, the dominant accounts of which have obscured its involvements in desire and trauma, capitalist shock and technological development. Hal Foster is Associate Professor of Art History and Comparative Literature at Cornell University. He is an editor of the journal OCTOBER.

Three Contributions to the Theory of Sex Sigmund Freud, 2014-11-11 This early work by Sigmund Freud was originally published in 1920 and we are now republishing it with a brand new introductory biography. 'Three Contributions to the Theory of Sex' is a work on sexual aberrations, infantile sexuality, and the transformation of puberty. Sigmund Schlomo Freud was born on 6th May 1856, in the Moravian town of Příbor, now part of the Czech Republic. He studied a variety of subjects, including philosophy, physiology, and zoology, graduating with an MD in 1881. Freud made a huge and lasting contribution to the field of psychology with many of his methods still being used in modern psychoanalysis. He inspired much discussion on the wealth of theories he produced and the reactions to his works began a century of great psychological investigation.

Allegories of Reading Paul De Man, 1979-01-01 This important theoretical work by Paul de Man sets forth a mode of reading and interpretation based on exemplary texts by Rousseau, Nietzsche, Rilke, and Proust. The readings start from unresolved difficulties in the critical traditions engendered by these authors, and they return to the places in the text where those difficulties are most apparent or most incisively reflected upon. The close reading leads to the elaboration of a more general model of textual understanding, in which de Man shows that the thematic aspects of the texts--their assertions of truth or falsehood as well as their assertions of values--are linked to specific modes of figuration that can be identified and described. The description of synchronic figures of substitution leads, by an inner logic embedded in the structure of all tropes, to extended, narrative figures or allegories. De Man poses the question whether such self-generating systems of figuration can account fully for the intricacies of meaning and of signification they produce. Throughout the book, issues in contemporary criticism are addressed analytically rather than polemically. Traditional oppositions are put in question by a rhetorical analysis which demonstrates why literary texts are such powerful sources of meaning yet epistemologically so unreliable. Since the structure which underlies this tension belongs to language in general and is not confined to literary

texts, the book, starting out as practical and historical criticism or as the demonstration of a theory of literary reading, leads into larger questions pertaining to the philosophy of language. Through elaborate and elegant close readings of poems by Rilke, Proust's Remembrance, Nietzsche's philosophical writings and the major works of Rousseau, de Man concludes that all writing concerns itself with its own activity as language, and language, he says, is always unreliable, slippery, impossible....Literary narrative, because it must rely on language, tells the story of its own inability to tell a story....De Man demonstrates, beautifully and convincingly, that language turns back on itself, that rhetoric is untrustworthy.--Julia Epstein, Washington Post Book World The study follows out of the thinking of Nietzsche and Genette (among others), yet moves in strikingly new directions....De Man's text, almost certain to be endlessly provocative, is worthy of repeated re-reading.--Ralph Flores, Library Journal Paul de Man continues his work in the tradition of 'deconstructionist criticism, '... which] begins with the observation that all language is constructed; therefore the task of criticism is to deconstruct it and reveal what lies behind. The title of his new work reflects de Man's preoccupation with the unreliability of language. ... The contributions that the book makes, both in the initial theoretical chapters and in the detailed analyses (or deconstructions) of particular texts are undeniable.--Caroline D. Eckhardt, World Literature Today

Sexus Henry Miller,2015-08-06 Sexus is the first volume of the scandalous trilogy The Rosy Crucifixion, Henry Miller's major life work Henry Miller called the end of his life in America and the start of a new, bohemian existence in 1930s Paris his 'rosy crucifixion'. His searing fictionalized autobiography of this time of liberation was banned for nearly twenty years. Sexus, the first volume in The Rosy Crucifixion trilogy, looks back to his early sexual escapades in Brooklyn, and his growing infatuation with the playful, teasing dance hall hostess who will become the great obsession of his life.

Literary Culture in Early Modern England, 1630-1700 Ingo Berensmeyer,2020-06-22 This book explores literary culture in England between 1630 and 1700, focusing on connections between material, epistemic, and political conditions of literary writing and reading. In a number of case studies and close readings, it presents the seventeenth century as a period of change that saw a fundamental shift towards a new cultural configuration: neoclassicism. This shift affected a wide array of social practices and institutions, from poetry to politics and from epistemology to civility.

On Curiosity Franck Cochoy,2016-07-25 What draws us towards a shop window display? What drives us to grab a special offer, to enter the privileged circle of premium newspaper subscribers, to peruse the pages of an enticing magazine? Without doubt, it is curiosity - that essential force of everyday action which invites us to break from our habits and to become

transported beyond our very selves. Curiosity (whether healthy or unhealthy) is one of the favourite tricks of market seduction. Capturing a public - attracting the attention of a reader, seducing a customer, meeting the expectations of a user, persuading a voter ... - often requires the construction of a set of technical devices that can play upon people's inner motivations. Cochoy invites us to take a sociological trip into these cabinets of curiosity, accompanied throughout by Bluebeard, a fairy tale that is both a model of the genre and a pure curiosity machine. At once a work of history and economic anthropology, the book meticulously analyses the devices designed by markets to arouse, excite, and sustain curiosity: a window display, practices of 'teasing', packaging, bus shelters, mobile internet technologies, to name but a few. In the Bettencourt and Strauss-Kahn affairs and the Wikileaks controversy, Cochoy also uncovers the work of investigative journalism and its attention-grabbing 'scoops', revealing the secrets of the revealers of secrets. Available in English for the first time, this major work will arouse readers' curiosity over the course of its unusual and colourful journey. By the end, now better informed and more cautious, they will be able to identify the traps of which they are the target. So long as curiosity is kept at bay, at least!

John Milton John T. Shawcross, 2021-09-15 The facts of John Milton's life are well documented, but what of the person Milton—the man whose poetic and prose works have been deeply influential and are still the subject of opposing readings? John Shawcross's different biography depicts the man against a psychological backdrop that brings into relief who he was—in his works and from his works. While the theories of Freud, Lacan, Kohut, and others underlie this pursuit of Milton's self, Jung and some of his followers provide the basic understanding by which Shawcross places Milton in the panorama of history. His explorations of the psychological underpinnings of Milton's decision to become a poet, of the homoerotic dimensions of his personality, and of his relationships with father and mother demonstrate the extent to which psychobiography proves itself invaluable as a means to appreciate this complex writer and his complex writings. This biography combines the traditional chronological narrative with a technique akin to that of fiction, a mixture of times and a triggering of remembrances from various time frames without time differentiations. Such an approach offers a view of Milton not only in being but in process of being. Shawcross's examination of two current concerns, gender attitudes and political ideologies, ranges Milton's work against the self he exhibits. Specialists and nonspecialists alike will find in this magisterial biography a wealth of new insight into one of the greatest of English poets.
