Cook the Mountain Norbert Niederkofler, 2020-12-15 Explore the hyperlocal approach of acclaimed chef Norbert Niederkofler, from his home in South Tyrol in the Italian Alps to the world and back. Norbert Niederkofler has dedicated his life and work to South Tyrol's culture and cuisine. He translates the beauty and vivid character of the mountains into his dishes at St. Hubertus, the only Michelin 3-starred restaurant with completely regional cuisine. Niederkofler's philosophy, summarized as *Cook the Mountain*, is to choose local and seasonal ingredients only after talking to the producers and growers in person and to honor the ingredients by keeping food waste to a minimum. In the first volume of this 2-book set, brilliant photographs reveal both unspoiled landscapes and the agricultural and architectural changes humans have made in the past millennia. Striking portraits of locals capture the people and producers Niederkofler works with. Breathtaking food photography conveys the stunning ingredients and creations that Niederkofler develops. The second volume includes 80 of Niederkofler's recipes, divided into the four seasons to reflect his ethos of sustainability. Taken together, *Cook the Mountain* showcases the unique terroir and cuisine of South Tyrol through the eyes of Niederkofler, who has embraced his home and given it a new culinary identity.

Mediterranean Seafood Alan Davidson, 2012-07 This is the essential book about the cookery as well as zoology of the fish and shellfish that inhabit the Mediterranean; now published in more than a dozen languages and available in France, Italy, Spain, Greece and many other home territories. It combines natural history and cookery in a most enticing way, providing information for the fisherman and seafood enthusiast as well as for the cook. Its genesis was while the author was posted to the British Embassy in Tunis, his wife needed an overview of the local fish markets to plan her shopping. It was taken up with enthusiasm by Elizabeth David and has been required reading ever since. The book is split between a catalogue, with drawings and description of each sort of fish, together with cookery notes and any information that might put

it in context; and a recipe section which draws on the best methods of cooking these types of fish from the many countries best acquainted with them.

The Italian Vegetable Cookbook Michele Scicolone,2014-03-04 Traditional and contemporary Italian recipes for vegetarian and nearly vegetarian dishes from the author of The Italian Slow Cooker. Over the ages, resourceful Italian cooks have devised countless ways to prepare vegetables—all incredibly flavorful and simple. In this book, Italian cooking authority Michele Scicolone shares recipes that she gathered during years of traveling in Italy. Some, like Green Fettuccine with Spring Vegetable Ragu and Easter Swiss Chard and Cheese Pie, came from talented home cooks. Others, such as Stuffed Cremini Mushrooms, were passed down through her family. She encountered still more, including One-Pot “Dragged” Penne, in restaurants and adapted dishes like Romeo’s Stuffed Eggplant from the cookbooks she collects. Many recipes display the Italian talent for making much out of little: Acquacotta, “Cooked Water,” makes a sumptuous soup from bread, tomatoes, and cheese. In keeping with Italian tradition, some dishes contain small amounts of pancetta, anchovies, or chicken broth, but they are optional. Simple desserts—Rustic Fruit Focaccia, Plum Crostata—finish the collection. “[Scicolone’s] methodology for vegetable cooking strives to extract the greatest amount of flavor and texture from every plant...Ambitious cooks will love the challenge of Scicolone’s Swiss chard and ricotta pie. Some recipes call for typical Italian flavor enhancers, such as anchovies or pancetta; nevertheless, vegetarians will find lots to savor here, and meat eaters will deem many of the pasta sauces perfectly satisfying. And both camps will delight in the host of rich and sweet dessert offerings.”—Booklist

Tickets evolution Albert Adrià,2018-06-21 There is no time for boredom at the restaurant Tickets, where engagement and good company are the order of the day. Indeed, fun has been the key ingredient in the restaurant’s cuisine since Albert Adrià opened its doors in 2011 with the Iglesias brothers, Pedro, Borja and Juan Carlos. It has become a benchmark for Barcelona’s restaurant scene ever since and its recipes have clearly evolved, though without losing any of their freshness or magic. Today the dishes at Tickets have fully transcended the concept of the tapa. So, this is not a tapas book! Albert Adrià invites us once again to walk through the doors of Tickets, where diners become actors in a film, performers in a vaudeville variety show or in a chorus line. Strawberry tree with elderflower and kimchi, Porex with Kalix caviar, Prawns in frozen salt, Saffron sponge with bread soup, Cannibal chicken with cassava bone and the oyster dishes, like Grilled oyster with black chanterelle tea, are just a sample of the nearly 100 recipes disclosed in this book.

Slow Wine Guide USA Slow Wine Guide,2022-02-15 A year in the life of the vineyards and wines of the USA Slow Wine

Guide USA is a new and revolutionary guide to the wines of California, Oregon, New York, and Washington. Thanks to the help of a handful of expert contributors, we've selected the best wineries from each state and reviewed their most outstanding bottles. The idea behind Slow Wine is simple: it acknowledges the unique stories of people and vineyards, of grape varieties and landscapes, and of their wines. The awareness that wine is more than just liquid in a glass helps wine lovers make better, more conscious choices and enhances the very enjoyment of this beverage. Since its beginnings in Italy twelve years ago, Slow Wine has combined its tasting sessions with equally important moments of exchange and debate with producers. The direct contact with winegrowers and winemakers allows for a genuine, authentic, and always up-to-date report on what's happening in America's vineyards and cellars. Each winery receives a review divided in three sections: the first one is dedicated to the people who live and work at the winery, the second to the vineyards and the way they're farmed, and the third to the finest wines currently available on the market. The very best wines are awarded the Top Wine accolade. Among these we have the Slow Wines--which beyond their outstanding sensory quality are of particular interest for their sense of place, environmental sustainability or historical value--and the Everyday Wines, representing excellent value at prices within \$30. The most interesting wineries on the other hand are awarded the Snail, for the way they interpret Slow Food values (sensory perceptions, territory, environment, identity) while offering good value for money; the Bottle, to wineries whose wines are of outstanding sensory quality throughout the range; the Coin to those estates offering excellent value for money.

Zero Hunger Walter Leal Filho, Anabela Marisa Azul, Luciana Brandli, Pinar Gökcin Özuyar, Tony Wall, 2020-06-05 The problems related to the process of industrialisation such as biodiversity depletion, climate change and a worsening of health and living conditions, especially but not only in developing countries, intensify. Therefore, there is an increasing need to search for integrated solutions to make development more sustainable. The United Nations has acknowledged the problem and approved the "2030 Agenda for Sustainable Development". On 1st January 2016, the 17 Sustainable Development Goals (SDGs) of the Agenda officially came into force. These goals cover the three dimensions of sustainable development: economic growth, social inclusion and environmental protection. The Encyclopedia of the UN Sustainable Development Goals comprehensively addresses the SDGs in an integrated way. It encompasses 17 volumes, each devoted to one of the 17 SDGs. This volume addresses SDG 2, namely End hunger, achieve food security and improved nutrition and promote sustainable agriculture and contains the description of a range of related terms, to allow for a better understanding and foster

knowledge. Our planet produces enough food to feed everyone. Malnutrition and hunger are the result of inappropriate food production processes, bad governance and injustice. SDG 2 seeks to guarantee quality and nutritious food to ensure healthy life by adopting a holistic approach that involves various actions targeting different actors, technologies, policies and programs. These initiatives have to face challenges coming from extensive environmental degradation, loss of biodiversity and the interrelated effects of climate change. Concretely, the defined targets are: End hunger and ensure access by all people, in particular the poor and people in vulnerable situations, including infants, to safe, nutritious and sufficient food all year round End all forms of malnutrition, including achieving the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons Double the agricultural productivity and incomes of small-scale food producers, in particular women, indigenous peoples, family farmers, pastoralists and fishers, including through secure and equal access to land, other productive resources and inputs, knowledge, financial services, markets and opportunities for value addition and non-farm employment Ensure sustainable food production systems and implement resilient agricultural practices that increase productivity and production, that help maintain ecosystems, that strengthen capacity for adaptation to climate change, extreme weather, drought, flooding and other disasters and that progressively improve land and soil quality Maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks at the national, regional and international levels, and promote access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed Increase investment, including through enhanced international cooperation, in rural infrastructure, agricultural research and extension services, technology development and plant and livestock gene banks in order to enhance agricultural productive capacity in developing countries, in particular least developed countries Correct and prevent trade restrictions and distortions in world agricultural markets, including through the parallel elimination of all forms of agricultural export subsidies and all export measures with equivalent effect, in accordance with the mandate of the Doha Development Round Adopt measures to ensure the proper functioning of food commodity markets and their derivatives and facilitate timely access to market information, including on food reserves, in order to help limit extreme food price volatility

Pan'ino, the (reduced Price) Maria Teresa Marco,Alessandro Frassica,2021-06-10 - Ninety-four delicious recipes for Italy's answer to fast food - Chef Alessandro Frassica emphasizes the use of fresh ingredients in imaginative combinations What could be more simple than a pan'ino? Take some bread and butter, slice it through the middle and fill it. Seen in this way, the sandwich is almost an anti-cuisine, a nomadic shortcut that allows for speed and little thought. But when Alessandro

Frassica thinks about his pan'ino, he considers it in a different way, not as a shortcut, but as an instrument for telling stories, creating layers of tales right there between the bread and its butter. Because even if the sandwich is simple, it is not necessarily so easy to create. Alessandro searches for ingredients, and in the raw foods he finds people: producers of pecorino cheese from Benevento, anchovies from Cetara, 'nduja spicy salami from Calabria. Then he studies the combinations, the consistencies and the temperature, because a pan'ino is not just a random object; savoury must be complemented by sweet; tapenade softens and provides moisture; bread should be warmed but not dried; thus the sandwich becomes a simple way of saying many excellent things, including finding a complexity of flavours that can thrill in just one bite.
