A Touch of Darkness Scarlett St Clair,2021-08-13 Persephone is the Goddess of Spring in title only. Since she was a little girl, flowers have only shriveled at her touch. After moving to New Athens, she hoped to lead an unassuming life disguised as a mortal journalist. All of that changes when she sits down in a forbidden nightclub to play a hand of cards with a hypnotic and mysterious stranger. Hades, God of the Dead, has built a gambling empire in the mortal world and his favorite bets are rumored to be impossible. But nothing has ever intrigued him as much as the goddess offering him a bargain he can't resist. After her encounter with Hades, Persephone finds herself in a contract with the God of the Dead, and his terms are impossible: Persephone must create life in the Underworld or lose her freedom forever. The bet does more than expose Persephone's failure as a goddess, however. As she struggles to sow the seeds of her freedom, love for the God of the Dead grows-a love that is both captivating and forbidden--

How to Think Like an Anthropologist Matthew Engelke,2019-06-18 What is anthropology? What can it tell us about the world? Why, in short, does it matter? For well over a century, cultural anthropologists have circled the globe, from Papua New Guinea to suburban England and from China to California, uncovering surprising facts and insights about how humans organize their lives and articulate their values. In the process, anthropology has done more than any other discipline to reveal what culture means--and why it matters. By weaving together examples and theories from around the world, Matthew Engelke provides a lively, accessible, and at times irreverent introduction to anthropology, covering a wide range of classic and contemporary approaches, subjects, and practitioners. Presenting a set of memorable cases, he encourages readers to think deeply about some of the key concepts with which anthropology tries to make sense of the world--from culture and nature to authority and blood. Along the way, he shows why anthropology matters: not only because it helps us understand other cultures and points of view but also because, in the process, it reveals something about ourselves and our own cultures, too. --Cover.
