Spontaneous Activity in Education Maria Montessori, 2014-07-02 The Montessori Method represents an explicit idealism and turn away from war and violence toward peace and reconstruction. It is built on coherent visions of how to improve human society by helping children realize their full potential as intelligent, creative, whole persons. In the Montessori Method, children are viewed as active authors of their own development, strongly influenced by natural, dynamic, self-righting forces within themselves, opening the way toward growth and learning. Teachers depend for their work with children on carefully prepared, aesthetically pleasing environments that serve as a pedagogical tool and provide strong messages about the curriculum and about respect for children. Partnering with parents is highly valued in the Montessori Method, and children are evaluated by means other than traditional tests and grades.

Pagan scholar Raven Grimassi explores this and many other questions in this new revised edition (greatly expanded from the 1981 published version of *The Book of the Holy Strega*). *The Book of the Holy Strega* is a seminal work that brings together historical and folkloric sources. Grimassi delivers a groundbreaking view of the misconceptions of historical witchcraft and presents a refreshing approach to understanding how fantasy became regarded as fact. Revealed in this one volume is the role of the Church in distorting witchcraft and promoting its contrived vision for political purposes. Discover the truth about the denied culture of the witch. Examine the elements that joined together to form the witches' gospel. The journey of exploration in the sub-culture of the witch is well guided in this pioneering text. Grimassi reveals his own hand in assembling the published versions of the *Book of the Holy Strega*, and he provides the reader with an overview of the evolution of these writings. Here you will see the gospel of the witches through the eyes of those who have honored it in the past, and how it continues to speak to each new generation.
