Ballet Matters Jennifer Fisher, 2018-11-09 Part memoir, part dance history and ethnography, this critical study explores ballet's power to inspire and to embody ideas about politics, race, women's agency, and spiritual experience. The author knows that dance relates to life in powerful individual and communal ways, reflecting culture and embodying new ideas. Although ballet can appear (and sometimes is) elite and exclusionary, it also has revolutionary potential.

Diaghilev's Ballets Russes Lynn Garafola, 1998 In the history of twentieth-century ballet, no company has had so profound and far-reaching an influence as the Ballets Russes. Under the direction of impresario extraordinaire Serge Diaghilev (1872-1929), the Ballets Russes radically transformed the nature of ballet—its subject matter, movement idiom, choreographic style, stage space, music, scenic design, costume, even the dancer's physical appearance. From 1909 to 1929, it nurtured some of the greatest choreographers in dance history—Fokine, Nijinsky, Massine, and Balanchine—and created such classics as *Les Sylphides*, *Firebird*, *Petrouchka*, *L'Après-midi d'un Faune*, *Les Noces*, and *Apollo*. Diaghilev brought together some of the leading artists of his time, including composers Stravinsky, Debussy, and Prokofiev; artists Picasso, Braque, and Matisse, and poets Hoffmansthal and Cocteau. Diaghilev's Ballets Russes is the most authoritative history of the company ever written and the first to examine it as a totality—its art, enterprise, and audience. Combining social and cultural history with illuminating discussions of dance, drama, music, art, economics, and public reception, Lynn Garafola paints an extraordinary portrait of the company that shaped ballet into what it is today.

Margery Spring Rice: Pioneer of Women's Health in the Early Twentieth Century Lucy Pollard, 2020-04-24 This book vividly presents the story of Margery Spring Rice, an instrumental figure in the movements of women's health and family planning in the first half of the twentieth century. Margery Spring Rice, née Garrett, was born into a family of formidable female trailblazers - niece of physician and suffragist Elizabeth Garrett Anderson, and of Millicent Fawcett, a leading suffragist and campaigner for equal rights for women. Margery Spring Rice continued this legacy with her co-founding of the

North Kensington birth control clinic in 1924, three years after Marie Stopes founded the first clinic in Britain. Engaging and accessible, this biography weaves together Spring Rice's personal and professional lives, adopting a chronological approach which highlights how the one impacted the other. Her life unfolds against the turbulent backdrop of the early twentieth century - a period which sees the entry of women into higher education, and the upheaval and societal upshots of two world wars. Within this context, Spring Rice emerges as a dynamic figure who dedicated her life to social causes, and whose actions time and again bear out her habitual belief that, contrary to the Shakespearian dictum, 'valour is the better part of discretion'. This is the first biography of Margery Spring Rice, drawing extensively on letters, diaries and other archival material, and equipping the text with family trees and photographs. It will be of great interest to a range of social historians, especially those researching the birth control movement; female friendships, female philanthropists, and feminist activism in the twentieth century; and the history of medicine and public health.

Russian Painting Peter Leek, 2012-05-08 From the 18th century to the 20th, this book gives a panorama of Russian painting not equalled anywhere else. Russian culture developed in contact with the wider European influence, but retained strong native intonations. It is a culture between East and West, and both influences in together. The book begins with Icons, and it is precisely Icon-painting which gave Russian artist their peculiar preoccupation with ethical questions and a certain kind of palette. It goes on to expound the duality of their art, and point out the originality of their contribution to world art. The illustrations cover all genres and styles of painting in astonishing variety. Such figures as Borovokovsky, Rokotov, Levitsky, Brullov, Fedatov, Repin, Shishkin and Levitan and many more are in these pages.

Diaghilev and the Golden Age of the Ballets Russes 1909-1929 Jane Pritchard, Geoffrey Marsh, 2015-05-26 This book was published to coincide with the exhibition Diaghilev and the Golden Age of the Ballet Russes 1909-1929 at the Victoria and Albert Museum, London, 25 September 2010-9 January 2011--Title page verso.

Beyond Memory Diane Neumaier, 2004 Photography possesses a powerful ability to bear witness, aid remembrance, shape, and even alter recollection. In *Beyond Memory: Soviet Nonconformist Photography and Photo-Related Works of Art*, the general editor, Diane Neumaier, and twenty-three contributors offer a rigorous examination of the medium's role in late Soviet unofficial art. Focusing on the period between the mid-1950s and the late 1980s, they explore artists' unusually inventive and resourceful uses of photography within a highly developed Soviet dissident culture. During this time, lack of high-quality photographic materials, complimented by tremendous creative impulses, prompted artists to explore experimental photo-processes such as camera and darkroom manipulations, photomontage, and hand-coloring. Photography also took on a provocative array of forms including photo installation, artist-made samizdat (self-published) books, photo-realist painting, and many other surprising applications of the flexible medium. *Beyond Memory* shows how innovative conceptual moves and approaches to form and content-echoes of Soviet society's coded communication and a Russian sense

of absurdity-were common in the Soviet cultural underground. Collectively, the works in this anthology demonstrate how late-Soviet artists employed irony and invention to make positive use of difficult circumstances. In the process, the volume illuminates the multiple characters of photography itself and highlights the leading role that the medium has come to play in the international art world today. *Beyond Memory* stands on its own as a rigorous examination of photography's place in late Soviet unofficial art, while also serving as a supplement to the traveling exhibition of the same title.

The Truth about the Russian Dancers James Matthew Barrie,1970

Immoral Memories Sergei Eisenstein,2014 Sergei Eisenstein (1898-1948), creator of such masterpieces as *Battleship Potemkin*, *Alexander Nevsky* and *Ivan the Terrible*, was perhaps the greatest of all film directors. He wrote his autobiography in 1946, two years before his death, and it is a work of major importance in the light it sheds on his personality and mercurial genius. Vivid, eccentric and free-ranging, *Immoral Memories* is written in a style reminiscent of the brilliant visual effects of montage and dynamic progression that characterize its author's film-making technique. He recounts his life in Russia from the time of the Revolution, during which he served in the Bolshevik army as a volunteer, his travels in the West and his encounters with a remarkable medley of individuals during his long career. He gives us unique insights, too, into his triumphs and tribulations. His disappointments and despair were exemplified by the banning of the film *Ivan the Terrible, Part II*, which was not released until fifteen years after his death. And he never expected his autobiography to be published in Russia. Yet in answer to his query Has there been life he replied that there had been life lived acutely, joyously, tormentedly, at times even sparkling, unquestionably colourful, and such a life that, I suppose, I would not exchange for another--

The Word that Causes Death's Defeat Anna Andreevna Akhmatova, Анна Андреевна Ахматова, 2004-01-01 Anna Akhmatova (1889-1966), one of twentieth-century Russia's greatest poets, was viewed as a dangerous element by post-Revolution authorities. One of the few unrepentant poets to survive the Bolshevik revolution and subsequent Stalinist purges, she set for herself the artistic task of preserving the memory of pre-Revolutionary cultural heritage and of those who had been silenced. This book presents Nancy K. Anderson's superb translations of three of Akhmatova's most important poems: Requiem, a commemoration of the victims of Stalin's Terror; The Way of All the Earth, a work to which the poet returned repeatedly over the last quarter-century of her life and which combines Old Russian motifs with the modernist search for a lost past; and Poem Without a Hero, widely admired as the poet's magnum opus. Each poem is accompanied by extensive commentary. The complex and allusive Poem Without a Hero is also provided with an extensive critical commentary that draws on the poet's manuscripts and private notebooks. Anderson offers relevant facts about the poet's life and an overview of the political and cultural forces that shaped her work. The resulting volume enables English-language readers to gain a deeper level of understanding of Akhmatova's poems and how and why they were created.

Guneratne, 2016-04-30 This book is the first in-depth cultural history of cinema's polyvalent and often contradictory appropriations of Shakespearean drama and performance traditions.
