A Shot At History Rohit Brijnath, 2011-10-11 Abhinav Bindra once shot 100 out of 100 in practice six times in a row and walked out of the range unhappy. He is a perfectionist who once soled his shoes with rubber from Ferrari tyres because he thought it would help. He would wake up at 3 am to practise at his range at home if an idea suddenly struck him. It is from such obsession that greatness arrives. Abhinav Bindra's journey to become the first Indian to win an individual Olympic gold, and the first Indian to win a World Championship gold, is a story of single-minded passion. The Olympics has been an all-consuming journey for him ever since he was shattering beer bottles and glass ampoules in his garden in Chandigarh. No obstacle was too hard to overcome, no amount of practice too much, no experiment too futile and no defeat so severe that it made a comeback impossible. Shattered by his failure at the 2004 Athens Olympics when a gold medal seemed imminent, he changed as a shooter: from a boy who loved shooting, he became an athlete bent on redemption, a scientist who would try anything - from mapping his own brain to drinking yak milk to climbing rock walls - to win at the Beijing Olympics in 2008. His victory was not just a personal triumph, it was a gift to his nation, a breaking down of a sporting barrier that had stood for a century. Bindra's feat has taught his peers, and those yet to come, that an Olympic gold isn't an impossible dream. In ranges, on fields, in arenas, Indian athletes now own a new belief, they wear the knowledge that no challenge is beyond them. Helping to tell this remarkable story is sportswriter Rohit Brijnath, who collaborated with Bindra in producing this compelling autobiography of one of India's greatest sportsmen.

Smallbore Rifle Shooting Christopher Fenning, 2012-12-21 Smallbore Rifle Shooting is essential reading for those who are considering taking up the sport, and for those who already have some experience but wish to improve their skills and participate in competitions. It takes the reader forward from the point at which the very first shot is fired, introduces new levels of understanding and competence, provides useful advice, and answers many of the questions frequently asked by beginners. The key topics, which are examined in detail, include breathing, aiming, trigger control and 'follow through'. In addition, step-by-step guidance is presented on how to build a comfortable and stable prone position whilst wearing a jacket and sling. All through the book photographs, including pictures taken through the sights to show exactly what is being described, support the theory. The author also presents practice exercises that help demonstrate the different techniques.

For people looking to progress beyond indoor practice shooting, there is an explanation of types of competition, how to enter events, as well as introduction to competing outdoors and learning how to anticipate the effect of the wind on a shot. Whilst other shooting books may focus on the detailed skills used by those who compete at an international level, this book offers guidance for those at the beginner to intermediate levels. Foreword by Nick Clark. Essential reading for all newcomers to the sport and offers guidance for novice up to intermediate levels. Other shooting books focus on detailed skills used by those who compete at international level. Key topics covered including breathing, aiming, trigger control and 'follow through' and step-by-step guidance to achieving a comfortable and stable prone position. Superbly illustrated with 129 colour photographs, some of these are pictures taken through the sights to show exactly what is being described. Secrets of Mental Marksmanship Linda K. Miller, Keith Cunningham, 2010-02-01 There is one thing that all marksmen—whether they're soldiers, cops, hunters, or competitive shooters—agree on: only hits count. Depending on your role, it may be more important to be faster or it may be more important to be precise, but in the end it's the shooter who can achieve perfect shots on demand, all the time, who wins. To fire a perfect shot, you need to bring together a mix of very specific conditions into that single moment when the trigger breaks. Some of the required conditions are technical, some of them are physical, but the requirements that are most important—and most elusive—are the mental skills. Once you have mastered the mental skills required to fire the perfect shot, you will find they're the same for any gun, any time, anywhere. *Secrets of Mental Marksmanship* is a detailed guide to developing conscious and subconscious powers that will elevate your -

marksmanship practice, training, and performance to the level of expert shooters. Keith Cunningham and Linda Miller—both champion shooters and master instructors, with decades of experience in the field and on the range—provide a set of tools that can be used to acquire and access the mental skills needed to perform to the best of your ability. True stories from military and law-enforcement professionals, seasoned hunters, and world-class competitors illustrate key points about marksmanship in the field, on the range, and on the streets. By mastering the tools, skills, and lessons outlined in this book, you will be able to get into the zone and produce the perfect shot under pressure and on demand, whenever you look through the sights of a gun.

Shoot to Win Chris Cheng, 2018-05-01 A surprising journey from tech support to professional marksman in front of the cameras. Chris Cheng won the title of “Top Shot,” a \$100,000 cash prize, and a professional marksman contract with the show sponsor, Bass Pro Shops. How did a tech support guy who didn’t shoot a lot of guns beat out seventeen other competitors—including seasoned military veterans, law enforcement officers, and pro marksmen—in History Channel’s Top Shot season 4? An excellent guide for beginning shooters, Cheng focuses on the basics and ammunition of pistols, rifles, and shotguns, marksmanship fundamentals, and buying a firearm. Other chapters include: Dry Fire Practice Firearm Accessories Safely Storing Your Firearm Cleaning and Maintaining Your Guns And much more! Additionally, Cheng covers his approach to staying calm under pressure, teamwork, sportsmanship, and leadership. These traits contributed to his coming out on top and staying above the fray. With a foreword written by Top Shot season 3 champion Dustin Ellermann and an afterword written by the original Top Shot champion Iain Harrison, *Shoot to Win* is sure to please shooters of all stripes, but especially fans of History Channel’s program Top Shot. The Rifle Gary Paulsen, 2006 In this Paulsen classic, a treasured rifle passed down through generations is the cause of a tragic accident.

Echoes of the Old Ways Harold Brannan, 2014 At the end of the Red River War, any lingering vestige of the fierce Indian hegemony over the Southern Plains was completely crushed and the tribes of native people were now restricted to government-controlled reservations in Oklahoma Territory. The abrupt change left vacant thousands of acres of unclaimed land which the frontier settlers of Texas and other states began to move into and claim as their own. Old customs die hard,

however, and for the next few years of transition, there were still echoes of the old ways reverberating across the land.

The Gun C. J. Chivers, 2013-12-05 The AK-47, or 'Kalashnikov', is the most abundant and efficient firearm on earth. It is so light it can be used by children. It has transformed the way we fight wars, and its story is the chilling story of modern warfare. C. J. Chivers's extraordinary new book tells an alternative history of the world as seen through these terrible weapons. He traces them back to their origins in the early experiments of Gatling and Maxim, and examines the first appearance of the machine-gun. The quest for ever greater firepower and mobility culminated in the AK-47 at the beginning of the Cold War, a weapon so remarkable that, over sixty years after its invention and having broken free of all state control, it has become central to civil wars all over the world.
